

9.0 Letters of Comment and Responses

(This chapter was added after the Public Draft Final EIR, but is not underlined as new text.)

The following letters of comment were received from agencies, groups, and individuals during the Public Review period (June 22, 2015 through September 4, 2015) of the Draft EIR. A copy of each comment letter along with corresponding staff responses is included here. Some of the comments did not address the adequacy of the environmental document; however, staff has attempted to provide appropriate responses to all comments as a courtesy to the commenter. Some of the comments received resulted in changes to the Draft EIR text. These text changes are indicated by ~~strikeout~~ (deleted) and underline (inserted) markings in the Final EIR text. Revisions to the Draft EIR are intended to correct minor discrepancies and provide additional clarification. The revisions do not affect the conclusions of the document.
