Agenda Item 3:

Plan Area Boundary Discussion

Gaviota Coast Plan Public Lands and Conservation Easements

Plan Area Boundary

On October 20, 2009, the Board of Supervisors adopted resolution 09-319 that:

- 1. Appointed the GavPAC**
- 2. Set the plan area boundary**
- 3. Allowed for the GavPAC to recommend minor boundary adjustments to the Board**

Plan Area Boundary

The plan area boundary was designed around the key principal of encompassing the entire watershed

Deviations from this principal were allowed to avoid bisecting parcels or entire landholdings by the plan area boundary, as a practical matter

Staff recommends waiting to make further boundary adjustments until the GavPAC is ready to make policy recommendations in about a year's time

Plan Area Boundary

This recommendation is due to the fact that potential policy tools or zoning changes proposed may affect the desire to adjust the boundary in specific instances
