B. Under Government Code Section 65302(h), one of the mandatory elements of a general plan is "a scenic highway element, for the development, establishment, and protection of scenic highways pursuant to the provisions of" Streets and Highways Code commencing with Section 260.

C. The prohibition against amendment of mandatory elements of the general plan more than three times during any calendar year, as contained in Government Code Section 65361, does "not apply to the adoption of any element to the general plan."

D. It is now deemed in the interest of the orderly development of the County and important to the preservation of the health, safety, and general welfare of the residents of the County to adopt a scenic highway element as an element of the general plan of the County of Santa Barbara.

E. The Planning Commission of the County of Santa Barbara, after holding a duly noticed public hearing, as required by Section 65351 of the Government Code, approved, endorsed, and transmitted to this Board
